

People take the Sentinel and read it because it's worth while, and because it carries a message of good cheer, wholesome optimism, peace and good will.

# The Tropicopolitan Sentinel

A better country than the San Fernando Valley to live in may have been made, but has not yet been discovered.

When we learn to look at the good in our brother and to credit him with that good, and not keep his failings in mind all the time, we will bring much happiness into our lives.

TROPICO, CALIFORNIA, WEDNESDAY, AUGUST 27, 1913

No. 28

## SCHOOL OPENS SEPT. 15

Union High School Begins Work September 8

## MORE ROOM NEEDED

Great Congestion Is Anticipated With 1850 Pupils in Tropicopolitan and Glendale to Register

Grade schools in Tropicopolitan and Glendale will not open until September 15, as the result of action taken by the respective school boards following postponement in Los Angeles of the opening of both high and common schools there. Work will begin in the Union High School on September 8.

Because the Los Angeles school board figures that there will be hundreds of boys and girls who would play "hooky" anyway to attend the circus, practically all the common schools in the San Fernando valley have joined in a seven days' postponement. Boards in the smaller cities find it advisable to begin school work at the same time as the city institutions.

Buildings will be intolerably crowded is the opinion of nearly every educator in this city and Glendale. There was hardly room enough in the high school last year and the increase in that institution alone is expected to be for 1912 from 361 to 450 pupils. Tropicopolitan grade school will contribute some eighteen high school pupils to swell the number, twenty-three having graduated from the eighth grade here in 1912. A new building has been erected at Casa Verdugo but this is small and will not relieve the congestion much. In the meantime arrangements are being made for the purchase of property on Fifth street and on Louise for the two new high school structures and for the expenditure of the \$100,000 bond.

## CHAS. BELL FOUND

Suddenly disappearing from his home at 1514 Vine street, Glendale, August 5, causing his aged parents to believe that he had been murdered and robbed of \$150 and bringing grief upon them which left his mother ill, Charles T. Bell has turned up at Naavoo, Ill. He wrote his folks a letter a few days ago saying that he had suddenly decided to return to his old home.

Bell, who had been in partnership with his brother in the cement business, left the home of his father, P. J. Bell, on the afternoon of August 5. Ostensibly he was going into Los Angeles. Days passed and nothing was heard of the man and the aged parents out in Glendale grew sick with the fear that he was killed. They notified the city police to look out for a man about thirty years old, rather short of stature, brown hair and gray eyes, wearing a blue serge suit, tan shoes and a derby hat. Search by the police resulted in nothing and the old couple had just about given up hope of ever hearing of their son again when the letter came.

The mother's face showed signs of the great grief she had experienced, but she did not blame her son and is now convinced that he is safe.

## TROPICO WINS, 14 TO 13.

Tropicopolitan defeated the Big Four baseball team by 14 to 13 on the local diamond Sunday in a game replete with errors, after the visitors had led them for eight rounds and when defeat seemed almost certain. Good twirling on the part of "Hasty" Bidwell, who pitched the entire nine innings, featured the game.

Up until the eighth inning the Big Four were constantly in the lead. After the first out in the 8th, Sisney scored on a double steal, making the figures stand 13 to 12. In the ninth Tropicopolitan scored another run and won the third consecutive game of the season.

Bidwell struck out nine men. Salazar and Meek, both pitching for the Big Four struck out four and two men respectively.

## WANTS A REALTY BOARD

Demands For Five Cent Fare to City and Exploitation of San Fernando Valley

Establishment of a joint realty board in Tropicopolitan and Glendale, five-cent fare to Los Angeles from the city limits, extension of the yellow car line into the San Fernando valley, cutting of a boulevard through the Edendale hills, connection of Brand boulevard with Lake Shore avenue and more active work on the part of Commercial Clubs and real estate men in getting people to investigate the wonderful advantages of this section of the country, are some of the things now being agitated by public spirited citizens.

On every hand is heard the voice of people demanding improvements and changes, and the Los Angeles Times recognized this when one of its department editors took up the fight last Sunday for the connecting of Brand boulevard with Lake Shore avenue and pointed out how little work will be required.

Stephen P. Veselich, treasurer and purchasing agent of the Pacific Home Builders, says:

"We want the yellow car lines extended in our direction. We pay ten and fifteen-cent fares while others equally as far out can ride to the city for five. There is no reason in the world why the Los Angeles railway people cannot tap this section of the country as they are covering every other portion of resident Los Angeles. Working men will not live in a territory where they must pay ten-cent fare and then not be able to get transfers. That transfer problem is a big one in itself. Many would not object to paying ten-cent fare if they could secure transfers to the part of the city to which they want to go. Now they must walk perhaps a mile or pay an extra nickel.

"It now takes me fifteen minutes to drive to Tropicopolitan by the San Fernando route or twenty minutes by the Los Feliz road. By connecting Brand boulevard and Lake Shore avenue at a small expense, I can cut this down by five minutes and reach home in just ten minutes. There are scores of car owners, men who own small machines, who will settle in a territory if there are good roads. The San Fernando valley cannot expect to attract these people in large numbers if they must drive in a round-about way to get to the city."

McAdams Bros., of this city, who in this issue, inaugurate an advertising campaign in this section, that will without question, bring a large number of new residents to this section, say:

"Realty men in Tropicopolitan, Casa Verdugo and Glendale should get together and 'pull' a lot of these tourists and homeseekers into the San Fernando valley. They should organize a strong real estate board and begin at once to wake up to the fact that they can do nothing by sitting in their offices and waiting for business to come to them. Let them get out and induce people to visit Tropicopolitan and Glendale. Show them what a wonderfully beautiful home section there is right at Los Angeles' gateway. To do this in the best possible manner some organization is needed and a realty board seems to me the solution.

John A. Pirtle of the Glendale Heights Realty Company also is an advocate of many changes and innovations.

"I think a road should be cut through the Edendale hills and that the San Fernando valley should get some other water than that secured from Verdugo valley. Why, the water which people use in Tropicopolitan and Glendale actually runs through people's yards. That country up in there is settling up. A city is being built on the source of our water supply and soon we will have none. There are going to be hundreds of people looking for homes in a beautiful country like the San Fernando this winter, but if we want to attract them we must improve our connections with Los Angeles both by street car and by macadam road, and we must get better water."

The Times in its recent article made a proposition which, if taken up, will shorten the distance between Los Angeles by two miles and will give a direct paved highway into the San Fernando valley. It is the same proposal to connect Brand boulevard and Lake Shore avenue. Such improvement would include the widening and paving of the boulevard.

## D. A. R. FORMS CHAPTER WITH TWENTY MEMBERS

Twenty descendants of generals, officers and privates who fought under Washington in the Revolution to free the country from British rule, met last week at the home of Mrs. Mary Gridley, 205 North Brand boulevard, Glendale, and initiated the organization of the General Richard Gridley Chapter of the Daughters of the American Revolution. This is the first chapter to be established in the San Fernando valley and it includes both Tropicopolitan and Glendale women.

Those who are lineally descended from soldiers who fought in the great American revolution are eligible to membership but before they can be admitted they must solemnly swear before a notary public as to their birth and they must be investigated by genealogical experts in Washington, D. C. All names of applicants, after they have been sworn, are sent east.

Mrs. Sprague Leppelman has one of the finest genealogical records to her credit of anyone in California. Her great grandfather was Samuel Meredith, a brigadier general under Washington and the first treasurer of the United States. He personally loaned the country \$140,000 the return of which he never received.

The four great grandfathers of Mrs. Gridley were Bunker Hill patriots. Mrs. Gridley has the distinction of establishing the second chapter of the D. A. R. in Los Angeles from which she recently resigned her position as regent to organize the Glendale chapter.

There are 95,000 members of the D. A. R. in the United States. It is a very strict organization, only those directly descendant from a revolutionary veteran being eligible. There are four chapters in Los Angeles.

## GIRLS SWEAT TO WIN IN BIG CONTEST

Despite the heat that has characterized the last week, the seven girls entered in the Sentinel's Popularity Contest have been working hard pulling up the votes and each striving to get the lead on the other. Their relative positions in the race have not changed though practically all have made a good showing and are developing enthusiasm in the work.

Girls who have done subscription work in the city are strong in their praise of the citizens of Tropicopolitan who receive them well and courteously and who generally respond with material assistance. In the city to have a door slammed in her face or a dog released to scare her, is no unusual experience for the girl engaged in such a contest. There are so many inconsiderate people in the larger places. Here they are very few and through the Sentinel the girls wish to thank the public of both Glendale and Tropicopolitan for the reception tendered them.

And now a word of explanation concerning the details of the contest. Many have misunderstood or failed to understand the arrangement at all.

There are two ways in which a girl can secure votes. One is by getting subscriptions to The Sentinel. The other is by buying goods of advertisers in the Sentinel or having your friends buy them. For each subscription turned in by or for a girl she gets 150 votes. This applies to renewals and all. For every \$1 worth of goods purchased she gets 25 votes.

Robinson Brothers, the O. K. Market and Al Vaulet have made special arrangements by which they give 25 votes with every 50-cent purchase, but this does not apply to the others.

Now suppose a girl induces five families to give her the tickets they get with purchases of groceries, meat, etc. If each family purchases \$10 worth of goods a week, the contestant nets a clear 125 votes a week from this source alone.

There are many girls who can get more than five families to trade at places where the contest coupons are given away. Some will get ten and fifteen families and will have 2000 or 3000 votes to their credit every week. Get in and work for the big prize, the piano. Line up your friends and get them to trade at stores which give coupons.

## Standing of Contestants

Mrs. Fred Spears	15906
Miss Martha Cramer	10903
Mrs. W. W. West	8506
Mrs. L. S. Putnam	8444
Miss Clara Jenkins	1351
Miss Vera Grant	1340
Miss Emma Bartlett	656

## WOMAN WALKS FAR; SLEEPS ON GROUND

Mrs. J. G. Goodsell, wife of the Boy Scout Master here, holds the record for endurance walking in this section as the result of a trip into the Arroyo Seco canyon where she slept on the ground with a party of boy scouts and walked twenty miles in one day.

Mrs. Goodsell accompanied the party of which her husband was a member, and not only did she keep up with the boys but carried her own grub and pack. For five days she tramped through the canyon and on the last day walked twenty miles to her home in this city at one stretch. The party left here Monday night and returned Saturday evening. There were three scouts and Mr. and Mrs. Goodsell in the party.

## DANCE HALL PROTESTED

Public Place Will Not Be Built at Brand And Gardena

Property owners near Brand boulevard and Gardena street were greatly aroused this week when an announcement to the effect that a public dancing hall would be erected on the southeast corner of the said thoroughfares by T. B. Hollister of Venice.

That such a building would not be allowed constructed and that if any attempts were made to erect a dance hall, the people would protest to the city council and even prevent it by injunction was the opinion expressed by many. C. E. La Fontaine, who owns property on this corner, was one of those who voiced his disapproval of the scheme and in a visit to many of the neighboring homes he found that the people simply "won't stand for it."

T. B. Hollister, the Venice man, who is said to have proposed the erection of the dance hall when seen at the Hotel Arthur declared that there was some misunderstanding. "If there is any objection to the erection of a dance hall on this corner I certainly shall not proceed with it," he said. "I have not purchased the proposed site, which is on the southeast corner, and is owned by the Richardsons. My plan is to build a bungalow to cost about \$3000 and to be 60x30 feet in size. A large ball room to be used for purely private purposes will be built therein."

Owing to the fact that Mr. Hollister gave out entirely different statements to other mediums, saying that he would erect a frame dance hall with concrete foundation, blue brick entrance columns, composition roof, which will contain a four-room suite of living rooms and will have disappearing beds and floors of a fine finish, full credit is not given to his denial. It is hinted that the announcement was merely a feeler to determine whether the people of Tropicopolitan would allow such a resort to be built in this city. It is known that city men have been trying to get a site outside the city for a building where rowdy dances can be held and where they will not be subject to the restrictions of Los Angeles. The fact that Hollister has not even purchased the lot seems to bear out the conclusion that the announcement was merely a feeler.

## GLENDAL WATER CO. MUST CUT RATES

Although the Glendale Consolidated Water Company claims to be about to go into bankruptcy, it must cut its water rates from \$1.50 to \$1, according to a ruling of the Board of Public Utilities.

The Board of Utilities a few days ago instituted an investigation of those water companies which were charging more than the rate allowed and the Glendale concern was one of those cited to appear and defend itself. The Consolidated Water Company claimed at the hearing that even at \$1.50 they were losing money, but at the close of the session consented to comply with the ordinance and cut to \$1.

## ADVERTISE TROPICO IS TO BE SLOGAN

Unity of all the cities and communities in the San Fernando valley in one big organization for the advertising of this country and to bring some of the thousands of easterners who will visit California this winter to Tropicopolitan, Glendale, Van Nuys and Casa Verdugo, is advocated by Mr. McAdams of McAdams Brothers, real estate dealers.

"Hundreds of people come to Los Angeles, settle down there and never learn that here are such places as Tropicopolitan or Glendale until they hear of them accidentally through the newspapers," declared Mr. McAdams. "We must find some way to tell these visitors to the city that we have the most beautiful residence section in the United States. If we can get home-seekers to come out here the battle is half won. I have advertised by distributing circulars among the automobiles and at the different places where tourists stop with indifferent results. We must find some better way and all work in a united effort to tell the world that we are on the map."

Frank Davis, Tropicopolitan's genial postmaster, is in trouble. Sunday was a very hot day and the lure of the beach strong. Unable to withstand the temptation of the cooling waves, Mr. Davis sneaked off without saying anything to Mrs. Davis and took a run down to Redondo. The result is that Tropicopolitan's postmaster is living off cheese and crackers from the Davis Grocery company and is beseeching his friends to intercede with Mrs. Davis for forgiveness.

## BAKER IN LIMELIGHT

The Watchman in the Sunday Los Angeles Times has the following, which of course is true, no one ever knew the Times to misrepresent:

If Gov. Hiram had appointed Attorney Stephen G. Long, of Long Beach, one of the new Superior Court judges, he would have made an enemy for life in Attorney Frederick Baker. Now that the selected six have been named, it can do no serious harm to tell that Johnson for a time inclined favorably to the plea for Long's appointment. Baker was also an aspirant for consideration, and he was a hopeful one at that. He is of the party Bull Moose, while Long still follows in the foot prints of the noble animal so appropriately emblematic of the Democratic Party. It was no sure thing at one time in the Governor's considerations that he would not appoint Long. About twenty years ago Long and Baker were law partners in dear old Long Beach. Along in 1896 Stephen G. couldn't get a convincing line upon Commoner Bryan's free silver ideas and being a true blue Southerner he decided that Palmer and Bukner were dishing out about his kind of Democratic principles, and he enlisted for that campaign under their banner. Anyhow, that's how the story runs. Baker, in those halcyon days of political strife, found himself a Democrat; and no voice voiced more than Baker's voice, for all that Bryan and Bryanism might have stood for, if it had stood long enough to stand for anything. The differences between these two stalwart Democrats on the money question were strong enough to give even Bryan pause. But so it was. Long knew what was what, and Baker wot that he wot of. Since then there has been what the horse racing men would call a reversal of form. Long is of the Bryanites Bryanite; Baker is of the Goo Goo Rooseveltian. With the same ambitions both men found themselves on the list of attorneys suggested to the Governor of California for judgeships. If that Bryanite Long had landed, it would have been good night for Frederick B. He would never have forgiven Hiram, Stephen or William J. But his cup of gall and wormwood was sweetened by the turning down of Long, along with his own rejection.

## THE TRUSTEE'S MEETING

Bids Asked For Combination Pumping Chemical Engine

## ELECTION ON OCT. 10

Mayor Leigh Bancroft Is Forced To Leave Meeting Because Of Illness

The regular meeting of the Board of Trustees was held Thursday evening, Mayor Bancroft presiding. This being the first evening his honor has been out since his two weeks' illness he grew fatigued before the meeting was over and asked Mr. Webster to take the chair, and returned home.

Specifications for a motor driven combination pump, hose and chemical wagon, with equipment for fire fighting purposes, was under consideration, and it was decided to call for bids for same, all bids to be in by September 18, and to be accompanied by a certified check for \$500.

Harry H. Reichard appeared in person before the board and requested a permit to construct a California house on his lot on Victor Court. He was informed that the building inspector would be instructed to learn if there were any objections from his neighbors, and if none, to issue the permit.

A. Berger, H. F. Harrison and Henry Long appeared and complained of the poultry plant on Christopher, near Columbus, stating that it was not only a nuisance, but very undesirable from a sanitary standpoint. The matter was referred to Dr. Mabry, health officer, with instructions to investigate and take such action as he might deem necessary.

The date for holding the proposed bond election for the purchase of the water system was again discussed in an informal way, and the opinion was expressed that the previous date tentatively agreed upon, September 23rd, was not allowing sufficient time for voters to secure registration papers. It was suggested that the election be called for about October 10th, it being the desire to give each and every voter in the city the privilege of expressing his opinion on this important matter. Efforts will be made to have one or more registrars appointed for Tropicopolitan, so that voters may register with the least inconvenience.

## PATENT MEDICINE SLAVES

Slaves to the patent medicine habit, scarce as they have become under the attacks of modern science leveled at the fake concoctions, still exist as is proved by a letter recently received by the Secretary of Agriculture from a person who wished to manufacture patent medicine.

There is nothing that demonstrates better the character of these purveyors of "healing" rot than that letter which has been published by the department and distributed broadcast as a warning. The ignorance of the first laws of physiology, the almost incredible manner in which the writer takes for granted that any kind of a mixture of poisons and drugs can be made, and his open proposal that he manufacture and sell his product to uneducated men and women as a medicine, all are amazing. It does not seem possible that at this age and day any one can mix poisons, put them in a labeled bottle and dole them out as cure-alls and that an ignoramus such as this man should even propose such a thing, is preposterous.

No law exists which can prevent him from carrying out his plan, providing he states on a label what the medicine contains, does not use a misleading label and does not make excessive or false claims for his product, but it is to the credit of the Federal authorities that they have warned the letter writer against entering such a business.

Following is a copy of the letter, which was published without giving the name of the writer:  
"Secretary of Agriculture, wood this all be allowed in medicine and wood it have to be Patent before it could be sold and. Arsenic Dovers Powders Quinine Epsoms Salts and then A number of herbs that grows here such as Mullen and and Barks. how much Arsenic wood be allowed to say a gallon of Chill Tonic please write me at once My Mother wants to make this Medicine and I want to know the Rules before it is done. July 3rd, 1913, and how much 188 alcohol wood be allowed in one gallon this to preserve it only. I think some youses 8% in Volum please tell just how much the law wood permit."

There is nothing quite so discouraging as to have some one sit on your best hat in church.

The Tammany Tiger is licking its chops. Sulzer is not very fat, but the Tiger is too hungry to care.

Whatever else we may think of the Rough Rider ex-president, we are inclined to believe that he would be in control of the Mexican situation if he were the executive head of this nation. Teddy made errors, but as a pinch hitter he was supreme.

## LONDON AN IMMENSE CITY.

The largeness and extent of London is still making an impression. We ride swiftly for ten or fifteen minutes or more on the top of one of these motor busses and think we have gone some distance but on examining our city map it hardly makes a showing. We were told this morning that the city of London extended over more than thirty-five miles square. But if you did not attempt to go places its size would not be noticeable for the structures although built solid in most places, all side by side, they are not so very high, nothing compared with even Los Angeles and the Londoners would have to put several of their blocks on top of each other before they would look like a New York "sky scraper." The elevation of London varies but slightly so that these buildings do not obliterate the view and from a clearing or top story, one has a very grand panorama with the many towers, domes and steeples reaching up in their eavens. We noticed that this was true also in Paris. But one big difference between these two metropolises is the manner in which the street traffic is regulated. Really in Paris there was no regulation to speak of, for it seemed as though the cabs, taxis, autobusses were all running a race down the busiest boulevards and sometimes a pedestrian had to wait some time before he would dare to venture to pick his way across. In London we find quite a change. We have seen just as congested streets but there is a policeman at each corner who very quietly and calmly by the motion of his hand keeps things moving in such a harmonious manner and although you may arrive at a crossing just when it seems like there will never be an end to the solid stream, in just a few seconds the way is opened and stays clear until you are safely on the other side. We heard in Paris that they had sent some of their police force to London to learn this trick but upon return they were immediately run over.

This morning we visited the old London Tower, that ancient fortress and gloomy state prison of London. It is now a government arsenal and is still kept in repair as a fortress. This is no small place for the ground plan covers an area of over thirteen acres. In the center rises the square White Tower, the oldest part of the fortress. Inside the gate one finds so much of

historic interest. First we inspected the collection of old armor, where we saw equestrian figures in full equipment as well as figures on foot that gave a good picture of English war array from the time of Edward I (1272) down to James II (1688). It would seem that the warrior would have been so wearied from carrying around the pounds of steel armor that he would have had no strength left when it came time for the combat.

There was much that was gruesome and unpleasant besides this, such as the case containing the instruments of torture, the iron collars with the cruel spikes, and the block with the heading axe. Then too we were shown Bloody Tower, so named because it is said that here the two princes, sons of Edward IV, were murdered by order of Richard III.

But we left the Tower with very pleasant recollections for we were lastly shown the Crown Jewels or Regalia, and here we saw many beautiful things indeed, such as kings' and queens' crowns and sceptres of gold and all set with diamonds, rubies and pearls, besides many other precious articles.

E. R.

A Los Angeles young woman named Miss Anna Bock, being obsessed with the desire to get into the papers broke loose in Washington the other day and declared that woman suffrage in California was a failure, and that all those who had worked to secure woman suffrage were intentionally or unintentionally working to bring about a worse condition than existed during the French revolution. That settles it. There is no use considering the matter any further, but acknowledge that all these good women who have for years worked to secure the ballot have been bringing about a condition of society that will ultimately in a reign of horror equal or worse than the dark days of France.

## Wants A Realty Board

Continued from page 1.  
ward from Temple to Sunset, altering of the viaduct carrying Sunset boulevard over Lake Shore avenue to give a wider roadway space, to induce the Pacific Electric people to pave the section north of Sunset to Effie street, which is owned by them; improvement beyond Edendale of a short portion of the streets on Ivanhoe, Rowena, Roheby and Woodstock and the erection of a bridge near the trestle of the Pacific Electric to connect directly with Brand into Tropic.

## A \$100,000 CHATTEL

Negroes at one time were sold at the auctioneer's block and were turned over to their new masters who could do as they pleased with them. The picture of families broken up, of pretty colored girls sold into worse slavery than the world dares to think, and of men with white skins and black hearts plying the lash across the bare back of an unfortunate fellow creature, is a thing of the past. Oceans of blood spilled on uniforms of Blue and Gray swept slavery from the land, we are told.

A few days ago the papers announced that the Washington club in the American League wanted to purchase Ty Cobb for \$100,000. For \$100,000 this baseball club can secure the services of the veteran player, whether he chooses to go with them or not, and if he balks at the arrangement he can be outlawed. This means that he could not play big league baseball in the United States again and would practically deprive him of his means of livelihood. If they should sell this white man for the immense sum of \$100,000 he would have to go and stay sold even as the meanest negro slave.

No negro ever brought \$100,000. And no white man would bring this sum if the great American public were not crazy about baseball. Perhaps in the days of the old Roman amphitheatre some favorite gladiator might have been sold by one state to another for such a figure, but even that is doubtful. Yet despite the great price, the cold fact is supposed to be a free American in a land where there are no more slaves.

The latest is that Jeffries was doped when the white race lost the heavyweight championship to a big negro named Johnson. Whom can we trust in this age when governors are betrayed into false positions by their wives, senators are sent to penitentiaries for selling their honor, judges are plucked from their benches by the hand of justice which they perverted, and when even in the field of sport trickery and cheating of the most despicable character is resorted to?

If men had to practice what they preach there would be a "bear" movement in preachers.

A citizen of Tropic actually secured a seat in the street car this week and he is the envy of all his friends.

Vesuvius, sometimes known as Colonel Roosevelt, is very quiet. Inhabitants around Oyster Bay have taken a new lease on life and are tearing off their lavaproof roofs.

Don't those telephone people rush work putting in new 'phones? People have had their money on deposit for over nine months and the company is actually talking about thinking about getting ready to consider putting the 'phones in.

Government reports show that there has been a \$16,000,000 decrease in the production of cattle in six years. The same reports show that the population has increased from 75,000,000 to nearly 100,000,000.

The Commoner, W. J. Bryan's paper, has been changed from a weekly to a monthly. The reason given by Mr. Bryan is that conditions have so changed since the paper was started thirteen years ago that a monthly will now serve the purpose just as well as a weekly.

## EUGENIC WEDDINGS.

The Argonaut has the following timely article on this, the latest medical craze. It says:

"A report from Manchester, Mass., tells us that they have had a real, live eugenic wedding in that progressive state. The bride was Miss Delia Farley Dana, the granddaughter of Longfellow, and we may amuse ourselves by wondering what Longfellow would have said to that circus had he been present. She was married by a justice of the peace, who asked the young people—presumably under instructions—'Have each of you obtained the assurance of a physician that you are fitted for the high calling of parenthood?' and then they both said that they had."

"Now, think of that. And the young woman never blushed at all, at least not noticeably. It was only a few years ago that our girls were painfully embarrassed even by the most remote suggestion of a connection between matrimony and parenthood. Of course, they knew better than this. We knew they did. They knew that we knew that they did. It was a beautiful illusion, and they were beautiful because of it, and in the presence of that beauty we men became a little better than Satan would have had us. It was an ideal of pure thought, not attained, truly, but yet dimly visible. It was a glimpse of that 'eternal womanly' that leads us ever upward and onward." And now here is a hideous modernity that has striped the bloom from the butterfly's wing. The young woman was 'fitted for the high calling of parenthood.' A physician had said so. And how did the physician know this? How did he ascertain this?—if decent imagination is capable of bearing the picture that the question involves. Note that it was a physician. Perhaps a boy with the ink wet upon his diploma. Perhaps one of those certificated monsters who under a hundred disguises of villainy proclaim that their services are upon sale for crime. It was a physician; it might have been any physician, whose glance was an insult, whose touch a contamination. And this is science, this is progress, this is reform! Should we laugh, or should we cry, at this apotheosis of quackery, this canonization of nastiness? For the Gadarene swine of every age there is, it seems, still the steep place that leads to the sea."

## School Opens Sept. 15

Continued from Page 1

issue, but the new structures will not be completed until the middle of the term at least.

Harry L. Howe, vice-principal of the Union High School, has issued instructions in which he states that parents should accompany freshmen when they come up for registration. George U. Moyses will be in his office at the high school beginning Monday, September 1, and on the afternoons of Tuesday, Wednesday, Thursday and Friday for the registration and classification of both old and new pupils. No pupils will be registered on Saturday, September 6. There will be some nineteen teachers in the high school this year under Principal Moyses.

While the Union High School, which is used jointly by Tropic, Glendale, Casa Verdugo, Eagle Rock and the vicinity, is badly crowded, conditions in the local grade school will be still worse. Last year there were 280 enrolled here, and it is estimated conservatively that there will be in excess of 300 present themselves for registration on September 15. The small frame building will be totally inadequate to handle such an aggregation and the housing of the youngsters will be a problem until the new building, for which a bond issue was voted recently, is erected.

There is talk of getting up a petition and presenting it to the school board in this city asking that a kindergarten be established. Under Miss Duncan a summer kindergarten has been in operation in the school building, and it has proven a success. It was a private enterprise, however. Mrs. E. M. McClure returned from San Diego, where she was visiting, Saturday evening and has taken up the work of organizing the school for the new term.

Supervising Principal R. D. White of the Glendale grade schools is planning to make the athletic recreation of both the girls and boys one of the interesting features of the year. Elbert M. Polly, an instructor, has been induced to take up the physical training of the boys and the board is now looking for a woman who can teach and do athletic work at the same time. That the health of both the boys and girls has much to do with the progress they make in school is being recognized by Mr. White and he is planning to make the new school grounds at Casa Verdugo into an up-to-date stadium where big football, baseball, basketball and track meets can be held. The grounds of the new four-room brick school which is just being completed at Casa Verdugo cover nearly five acres and afford the best place for an athletic field in this section. The new building cost \$30,000 and it will require considerable more to fix up the grounds as it is the intention to do eventually.

Mr. White as supervising principal has charge of the Third Street, the Columbus Avenue, the Sixth Street, the Broadway and the new Central Avenue schools. The Third Street school has but the seventh and eighth grades and the others from the first to the sixth. The Central Avenue school is located in Casa Verdugo. The Columbus Avenue and Broadway schools are of eight rooms and conditions are very crowded. Parents of school-going children are demanding that the board secure more grounds at the Third Street school and that a new building be erected in the southwestern part of the city. A bond issue for this purpose was defeated recently but the need has become so insistent that the question will be submitted again.

It is estimated by the supervising principal that the attendance in the Glendale grade schools for the coming year will be fully 100 greater than last year, making a total of 1,200 pupils in the four buildings. This makes a new structure in the southwestern part of the city almost imperative as children living in that section must go as far as the Sixth Street building, which has all it can handle. It is proposed now that a seven-room \$20,000 structure be erected at the terminus of Lomita avenue.

At a meeting of the city school board a few days ago, three substitute teachers were elected and the appeal of the southwestern people considered but not acted upon. A. B. Heacock, C. F. Westlake and David Black were present.

The principals of the Glendale grade schools will be Mrs. M. O. Ryan, Broadway; Mrs. F. G. Taylor, Columbus Avenue; Miss Ida M. Waite, Sixth Street, and Miss Annie L. McIntyre, who last year taught the ungraded room at the Columbus, will have charge of the Central Avenue.

The county board is taking action and will probably reduce the number of its members from six to five. An announcement has been made saying that there promises to be a great shortage of funds again this year.

## HAPPENINGS

Miss Lois Duncan is spending a few days in South Pasadena, at the home of her friend, Miss Helen Reel.

Mrs. Haveland is seriously ill at the home of her son on El Bonito street.

Mrs. Mary J. Bolloom, Mrs. David Flanders and Miss Pauline Flanders were the over Sunday guests of Mr. and Mrs. W. L. Young at Venice.

Mr. and Mrs. Charles Phillips and son have gone to the beach for a short stay.

Dr. and Mrs. Thomas M. Hedges of 439 West Fifth street have returned from spending a vacation at Long Beach.

Mrs. H. H. Asimonte of Santa Monica has been a visitor at the home of her sister, Mrs. A. J. Cointe for the past week.

John Fishel of Los Angeles visited at the home of his parents Mr. and Mrs. Charles Fishel of West Park avenue.

Mrs. E. L. Early, 229 Blanche, left last Wednesday for a visit with relatives in Colorado, Nebraska and Iowa. She will return about the first of October.

Mrs. Frank I. Marsh, who has been spending the past fortnight at Buena Park as the guest of Mr. and Mrs. J. E. Rose, returned to Tropic Saturday and is the guest of Mrs. David H. Imler.

Mrs. Mary Gridley of 265 North Brand, Glendale, and Mrs. Elsie Blackburn have been appointed to the library board of Glendale by the city trustees.

Dr. and Mrs. A. L. Bryant and their three sons are spending their vacation at Catalina.

J. B. Dubel has purchased a home in Piedmont Park and has moved into it with his family. It is located on East First street.

Miss Sallie Reed of Cedar street returned from Missouri this week after having been gone more than a year visiting friends in the Middle West.

Ellen Fletcher of Park avenue, Tropic, who has been visiting friends in Illinois for three months has returned home.

Mrs. Elmer E. Essley and daughter, Fay, are guests of Glendale friends.

Mrs. J. M. Robinson and daughter, Doris, have been guests of their parents, Mr. and Mrs. E. D. Goode, of Cedar street, Glendale.

Mr. and Mrs. O. S. Sampson of 1014 Melrose avenue and their daughters, Marjorie Duncan and Charlotte Sampson, are visiting relatives in San Diego.

Go to the Emporium for coal and wood stoves.

## BIG TIMES PROMISED.

San Diego, Cal., Aug. 26.—President Wilson has announced his intention to invite every country in the world that maintains a navy to send a representative ship to take part in the opening of the Panama Canal January 1, 1915. With the great American fleet as guide the ships will cruise from Hampton Roads through the canal to San Diego harbor, which will be the first stop. If all nations respond there will be at least 50 first-class battleships at anchor in San Diego harbor at one time.

International Harvester Co., the "harvester trust" so-called, has taken six acres of ground at the San Diego exposition and plans for the building and exhibit the company will install have been approved.

Despite the rumor that frost had ruined the orange crop of California, figures compiled from authentic sources place the value of the crop marketed this year at \$22,000,000, and of the coming crop at \$25,000,000 conservatively. Besides this there is indication that prices next year will be 25 per cent above normal. This means that although many orange groves were swept by frost and many thousands of dollars were lost, the crop for last year was within ten per cent of normal. Many growers reaped large profits and few suffered great loss.

Miss Helen Marie Cole left Thursday morning for New York where she will take a post graduate course at Columbia University.

Miss Cole was an instructor at the Los Angeles state normal and received the second prize at the Los Angeles Fashion Show last fall. Miss Cole's mother, Mrs. M. M. Cole leaves for San Francisco this week, where she will pass the year of her daughter's absence visiting relatives.

Mrs. A. C. Rogers and son, Randall Rogers, of Herington, Kansas, who are spending the summer at Santa Monica, visited Miss Cora Hickman at Palm Villa the latter part of the week. Mrs. Maude Love, Lowell and brother, Howard Love, and Walter Olney of Los Angeles were the over Sunday guests with Mrs. Rogers and son at Palm Villa.

Master Wayland Chapman, Jr., was given a birthday party Monday at his home on El Bonito street at which a number of local youngsters gathered and had a good time. Master Chapman was five years old. The table was decorated in a military fashion and birds and small drums were given for souvenirs. Among the invited guests were Della and Gertrude Ashton, Clara Sharp, Doris Cook, Charles Phillips, Jerome Lawton and Dolphin Payne.

Mrs. Ralph Meeker left Monday morning for Fresno in her car, driving her husband to that place, where he is engaged in experimenting with spinous cactus on a big ranch of 1500 acres. Mr. Meeker does not know how to drive and when he comes to his home in Glendale it is up to his wife to drive him back to work. At his ranch, Meeker has a chauffeur who does all his driving.

E. C. Coleman of Pasadena was visiting his son, Earl Coleman, and Judge Melrose the first of the week. Mr. Coleman and Judge Melrose were old neighbors in the Antelope country twelve and fifteen years ago, and they had much pleasure in recalling old incidents of that time.

Miss Edith King of Pomona is erecting a modern bungalow in the recently opened tract just north of the Broadway school and expects to have it ready for occupancy by September 1.

Former residents of Whiteside county, Illinois, will hold a picnic at Sycamore Park, Los Angeles, on Labor Day. There will be no program, but simply a grand reunion and picnic dinner. Mrs. W. tary of the association.

A shipment of 50,000 pounds of beans was made from Sawtelle, Cal., to New York. The beans were loaded on a boat at San Pedro and will make the trip around the Horn.

W. Haskell of Sawtelle is secretary in celebration of their birthdays, which happened on the same day. Mrs. R. H. Wells of 1504 West Broadway and her house guest, George V. Meserole of Pueblo, Colo., gave a dinner which was enjoyed by the two families. Both received gifts.

George U. Moyle of 900 West Fifth street, principal of the Union High School, who left some time ago for a two weeks' stay in San Francisco, Berkeley, Oakland and Lake Tahoe, will return the latter part of this week. The change in date for school to begin from September 8 until September 15 will enable him to give more time to preparing for the coming year.

The kindergarten which has been conducted in the Tropic schoolhouse this summer by Miss Ruth Whytock and Miss Lois Duncan closed last Friday morning with a kindergarten party, to which were invited the parents and friends of the children. The guests were entertained with games and songs by the little ones, after which refreshments were served. The mothers are pleased with the results of the kindergarten, and hope that there will soon be one in the school.

A recent pretty affair was the luncheon at La Ramada given by Mrs. T. I. Smith of Glendale who entertained three brides-to-be, Miss Florence Miller, Miss Eunice Seavers and Miss Gertrude Weldon.

Forty young friends of Miss Maude East attended a dance at her home at 512 Jackson last Saturday evening in honor of Miss Catherine Campbell of Ramona Acres.

Monday evening, August 11, Euclid D. Edgar Irwin and Miss Ruth Allen, both of Arkansas, were married at the Glendale Sanitarium. They will live in Los Angeles.

John C. Danford of 914 West Fifth street was greatly surprised last Thursday when people began to come in on him carrying bouquets and bringing presents until he remembered that it was his birthday. Refreshments were served, a special birthday cake was cut, gifts were presented and the evening was thoroughly enjoyed.

Leo Goode sang and Miss Blanche Lyons entertained with instrumental music. Those present were Mr. and Mrs. E. D. Goode, Mr. and Mrs. Ray E. Goode, Walter L. Jordan, Mrs. Isabella Jordan, Mr. and Mrs. William S. Althouse, Arthur Thresher of Los Angeles, and Miss Blanche Lyons.

GLENDALE SPORTS  
PLAY AT HORSESHOES

More strenuous sports have been crowded into the backround in Glendale and the ancient and sedate pastime of pitching horseshoes is now taking up the attention of a large number of contestants and spectators. Daily goodly crowds gather on the grounds of the Glendale Horseshoe Club and watch the experts toss the lucky emblems at little iron posts for hours at a time.

So important and popular has horseshoes become in the little sporting world of Glendale that the Horseshoe Club has had real stationery printed and is planning to engage in contests with Pasadena next week for the championship. In a recent inter-city contest Glendale stood off Pasadena and Long Beach with an even score and was defeated only by Pomona. Fans fully expect to get back at Pomona in the near future and wipe out the defeat by a victory, and to accomplish this club members are appearing for workouts every day.

The championship contests consist of ten games and last for about two hours. G. L. Head is manager of the club and J. D. Porter treasurer. The line-up consists of Elmore, J. Porter, G. Porter, Blatchley, Wrightman, Keim, Wright, Ranger, Buchanan, Payne, Tom Hutchinson, Anderson, Stewart, Kimlin, Lindsey and Gould.

A modern Noah, who says that the flooding of Culebra Cut will produce a great inundation over the entire country, and who is building an ark for his 200 followers, has been discovered in Panama. Not to be outdone by the original flood master, Segundo Sanchez, or Noah H., has sent his forces scurrying through the hills looking for all manner of animals. This Noah makes no distinction between wild and domesticated animals.

Work on the two-story \$12,000 brick business block which is being built by F. H. Vesper and others on Broadway avenue in Glendale, is progressing and the foundation is now completed. The structure is to be 50x70 feet in size and will have the largest basement of any building in Glendale. It was begun two weeks ago and will be completed in October, when it will be occupied by the Glendale Hardware Company.

The second story will not be finished at once. J. E. Andrews is handling the contract and there are some ten men employed steadily on the job.

Mr. and Mrs. C. L. Borthick and daughters, Ruby and Freda, leave August 26th for Warrensburg, Mo., where they will remain two or three months visiting their old home.

Miss Marie Regall, Miss Elsie Jamgochian and Miss Lydia Payro are three of the finest young ladies in California, and if these were the days of knighthood, and not the days of sword thrusts, I would gladly break a lance or pull another tug-of-war with Henry Regall to prove it. Last week these young ladies conceived the idea of holding a "get-together" meeting for the Angelus Tract people, and in furtherance of this idea they called on the people living in this popular neighborhood and unfolded their plan. As a result, between seventy-five and one hundred agreeable men and women assembled around the barbecue tables in Angelus Park Tuesday evening and partook of as fine a basket picnic supper as could be had in the country. After eating just as long as they could, games and athletics were indulged in until about 10:30 in the evening. So infectious was the spirit of good comradeship and "a good time" that Allan Boyce ceased figuring on how to "boost" the Angelus properties and joined in the fun of the evening and was just as giddy as the usually dignified A. M. Jamgochian was during the evening.

## BASKET PICNIC.

The members of Vison Lodge, No. 293, Knights of Pythias, their families and friends, are invited to attend a picnic at Griffith Park, Labor Day, September 1st.

Free coffee, lemonade, etc., will be furnished by the committee, and every man, woman and child a day of enjoyment. There will be all kinds of games, and a good band to furnish stirring music during the day, and, if desired, a dance in the evening will be given in Castle Hall, on the San Fernando road. Free transportation will be furnished, leaving Castle Hall at 8, 9 and 10 o'clock in the morning. Come and bring your friends.

## THE COMMITTEE.

The board of directors of the Tropic Thursday Afternoon Club wishes to express its appreciation for the kind assistance of the following at its first annual street fair: O. P. Martin, Vison Lodge K. of P., E. L. Young, Sunset Nursery, Tropic Sentinel; Tropic Fuel and Feed company, A. Paine, Morris Cook, C. H. Baker, Tropic Mercantile Company, F. B. McKenney, O. K. Market, E. J. Prues, Charles Hunter, Tropic Boy Scouts, Mr. Fishback, Ed Shipman, William Gould, Harry Schaffer, Chas. Lake, Frank Peters, Hal Davenport, Dr. Conrad, C. H. Phillips, Charles Finely, J. H. Smith, W. Chapman, J. Canthorn, O. E. Clemens, C. O. Pulliam, Harry Lynch, Webster, J. Logan, Dr. Morse, William Wible, A. J. Van Wie, Mr. Steelman, H. D. Robertson, Robert Oliver, John Gordon and Frank Ballantyne.

Go to the Emporium for second-hand furniture.

## MANY CAMP IN HILLS.

Recreation in the hills, hunting, fishing and merely lounging around in the shade of big trees is still claiming the time of many Tropicans and residents of the valley.

Robert C. Goudie, Jr., of 1558 Penn street and Oscar Burchard of 1566 Penn street, have been out camping for a week. They got enough rabbits to last the family for some days. Messrs. Henson Garrett and Edwin Messick are camping on Mt. Strawberry hunting deer. They report having seen a large number of animals, but to date had killed none. A camping party from Glendale which has been in the Big Tujunga since August 9 returned Saturday, reporting a big time, but no big game. The members of the party were Mr. Mrs. L. Andrews, Mr. and Mrs. J. Andrews, Mr. and Mrs. A. D. McCoy, John McCoy, Miss Leta McCoy, John McCoy, Miss Leta McCoy, Mr. and Mrs. Stauffer, John Stauffer, Mr. and Mrs. Varnney, Mr. and Mrs. Lembocki and Gordon Andrews. Mr. and Mrs. Paul V. Tuttle of 1417 West Broadway, and a party of friends left early last Saturday morning for a week-end camping trip on the banks of the Sespe river. Two machines carried the party. Messrs. J. W. Burton, F. W. Anderson and John Danford scouted the hills and Verdugo mountains recently but were disappointed.

Thirty-four men met in the K. of P. hall last Friday evening in Glendale and organized a lodge of the Knights of Macabees under the direction of Deputy Great Commanders E. L. Bumpus and B. G. Neil. Officers elected were E. R. Naudin, past commander; R. B. Howard, commander; H. W. Walker, lieutenant commander; S. E. Newton, record keeper; J. F. Showalter, chaplain; A. C. Andersen, sergeant; Dr. J. L. Flint, physician; M. U. Reed, second master-at-arms; James F. Forde, sentinel; I. P. Goodrich, picket; J. W. Lawson, Dr. H. Russell Boyer and Dr. Earl F. Archer, trustees. The next meeting will be held August 29 at 8 o'clock in the evening.

Mr. and Mrs. Dan Campbell have returned from motoring in Northern California where the president of the First National Bank and family spent their summer vacation. The party left here August 8 in an automobile, went to San Francisco where they attended the wedding of John McPeak, a relative of Mrs. Campbell, and then proceeded through the Sacramento Valley and to Lake Tahoe. They stopped at Lake Tahoe a day and returned to Tropic Sunday night. Mr. Campbell says they thoroughly enjoyed the vacation.

Last Saturday Mr. and Mrs. Paul V. Tuttle of 1417 West Broadway, with a party of friends motored to Santa Paula, where they camped on the banks of the Sespe river over Sunday.

Mr. and Mrs. Elmer Evans of 113 Orange street will leave September 1 for Hermosa Beach to spend a month's vacation.

Work is nearly done on the new home which is being erected at 208 East Second street for R. F. Beattie. This home will be modern and tasteful in every respect.

Miss Alice Dewey of Pasadena was the over-Sunday guest of Mrs. Samuel A. Ayres of Central avenue.

The civil service commission has announced that an examination will be held to select a new constable for Burbank.

Citizens and property owners of the northeast section of Glendale are petitioning to have streets and property in the portion of the city made attractive with modern street improvements.

With \$26,800 already subscribed for the purchase of the right-of-way through the southern and eastern section of Glendale for the Pacific Electric railway, there is every prospect that construction will be begun on the line within the next few months. There are some property owners who are still considering the proposition.

## HEALTH OFFICER'S TALKS. NO. 7.

These hot days bring out the "smells," if there are any, and the Health Officer has been hearing a fair number of complaints, enough to make him thankful the Tropic "cleaned house" last spring and has been kept overlastingly at it since.

These hot days also bring out other irritating factors, such as short water supply.

Now that we've started, after a fashion, the things we want to talk about, we have this to say: Whenever anybody has a complaint to make, please call up or write, giving your name and address, stating exactly what the trouble is and exactly where it can be found. Don't call up and say, "Well, it doesn't make any difference who I am, there's an awful stink some place in the block, and I think it is your duty to find out where it is and get rid of it." The Health Officer will pay no attention to anonymous notices, and will not scout all over the city hunting for some particular odor which happens to offend some particular person. Neither does he care to be told what his duty is. He has a copy of the law in his pocket most of the time, and has all of it under his hat all the time. Any and all complaints made will be investigated, usually within twenty-four hours, but at any rate as soon as possible.

Also, don't call up the H. O. and tell him you have no water. He knows you haven't, and knows he has even less. The Health Officer has worked hard for several months trying to get the city of Tropic to take over the water company and build its own reservoir up in the hills, and so secure practically the only satisfactory water supply available. The city will be asked to vote bonds for this purpose soon, and if you will register within the next ten days, so you can vote for these bonds, you will have done more to regulate the water question than a thousand complaints to the H. O. can do. Meantime the H. O. is doing all he can to keep the water going, and the water in the Ninth street reservoir is about as deep as the reservoir can safely stand. We have water available. It is pressure we need.

Go to the Emporium for gas ranges.

## Weekly Real Estate Bulletin

It will be of great advantage to you if you would note carefully the bargains offered in this column each week. Prospective buyers and investors should not fail to overlook the opportunities offered. Whether it be vacant lots, acreage, or houses and lots, business branches or exchanges, some exceptionally good buys will be found.

### TAKE THIS LETTER.

Take this letter to my mother Far across the deep blue sea, It will fill her heart with pleasure, She'll be glad to hear from me. How she wept when last we parted, How her heart was filled with pain. When she said, "Good-by, God bless you, We may never meet again."

### ORDINANCE NO. 12.

AN ORDINANCE OF THE CITY OF TROPICO FIXING THE AMOUNT OF MONEY NECESSARY TO BE RAISED BY TAXATION UPON THE TAXABLE PROPERTY THEREIN AS A REVENUE TO CARRY ON THE VARIOUS DEPARTMENTS OF SUCH CITY FOR THE CURRENT YEAR.

The Board of Trustees of the City of Tropic do hereby fix the amount of money at the sum of nine thousand three hundred eight (\$9,388.00) dollars, necessary to be raised by taxation upon the taxable property in said City of Tropic as a revenue to carry on all of the various departments, except for public library of said City of Tropic for the current year, and to pay any indebtedness of such municipal corporation; and that the Board of Trustees of the City of Tropic do hereby fix the amount of money at the sum of Nine Hundred Thirty and 80/100 (\$930.80) Dollars necessary to be raised by taxation upon taxable property in said City of Tropic as a revenue to carry on the public library of said City of Tropic for the current year, and for maintaining such library and purchasing property necessary therefor; and that the Board of Trustees of the City of Tropic do hereby fix the amount of money at the sum of Thirteen Hundred Ninety and 20/100 (\$1,392.00) Dollars to pay all principal and interest on the Fire Protection Bonds of said City that shall become due before the time for fixing the next general tax levy.

Sec. 2. The City Clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 21st day of August, 1913.

C. A. BANCROFT,  
President of the Board of Trustees of the City of Tropic.

ATTEST:  
S. M. STREET,  
City Clerk of the City of Tropic.  
[Seal]

J. H. Fishback, Deputy.  
STATE OF CALIFORNIA.)  
(ss.  
CITY OF TROPICO.)

I, S. M. STREET, City Clerk of the City of Tropic, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Tropic, State of California, and signed by the President of said Board at a regular meeting thereof, held August 21st, 1913, by the following vote, to-wit:

Ayes: Conrad, Hobbs, Oliver, Webster.

Noes: None.  
Absent: Bancroft.

By J. L. Fishback, Deputy.  
[Seal]

### NOTICE.

OF THE RECORDING OF THE ASSESSMENT AND DIAGRAM FOR LAYING OUT, OPENING AND WIDENING OF BRAND BOULEVARD FROM NORTHEASTERLY LINE OF SAN FERNANDO ROAD TO SOUTH LINE OF PARK AVENUE IN CITY OF TROPICO, CALIFORNIA.

Notice is hereby given that the Assessment and Diagram for the laying out, opening and widening of Brand Boulevard from Northeastly line of San Fernando Road to South line of Park Avenue in City of Tropic, California, in accordance with Ordinance No. 17, of said City, was recorded in the Office of the Street Superintendent of the City of Tropic on the 1st day of August, 1913.

All sums levied in said Assessment are due and payable immediately, and payment of said sums is to be made to him at his office in the City Hall, in said City, at the junction of San Fernando Road and Central Avenue, within thirty days after the 13th day of August, 1913, which is the first day of publication of this Notice.

All assessments not paid before the expiration of said thirty days will become delinquent, and that thereupon five per cent (5%) upon the amount of each assessment will be added thereto, and the property advertised for sale as provided for by law.

J. L. FISHBACK,  
Street Superintendent of the City of Tropic, California.

Aug. 13, 20, 27, Apr 3—4t

**NOTICE INVITING BIDS FOR FURNISHING ONE MOTOR-DRIVEN COMBINATION PUMP, HOSE AND CHEMICAL WAGON AND EQUIPMENT FOR THE CITY OF TROPICO, CALIFORNIA.**

Pursuant to direction of the Board of Trustees of the City of Tropic, California, the undersigned invites and will receive in his office in the City Hall, at the junction of San Fernando Road and Central Avenue in the City of Tropic, up to 7:30 o'clock of Thursday, September 18, 1913, sealed bids for furnishing one motor driven combination pump, hose and chemical wagon, and its equipment. City of Tropic, who and equipment shall strict conformity with the specifications and which office of the City Clerk, to which full particulars and apparatus and equipment will be received of apparatus that required.

Full and complete specifications and drawings will be furnished to the bidder upon the payment of a fee of Five Hundred (\$500.00) dollars, which shall be refundable to the bidder if he fails to execute a contract within the time specified in the specifications.

Each bidder must submit a certified check for the sum of Five Hundred (\$500.00) dollars, payable to the order of the Board of Trustees of the City of Tropic, which shall be held as a guarantee for the faithful performance of the contract.

The undersigned reserves the right to reject any and all bids.

**IN THE SUPERIOR COURT IN AND FOR THE COUNTY OF LOS ANGELES.**

In the Matter of the Estate of Elizabeth E. Bowers, Deceased.

Order to Show Cause Why Order of Sale of Real Estate Should Not Be Made.

It is ordered, by the Court, that all persons interested in the estate of said deceased appear before the said Superior Court on the 15th day of September, 1913, at 10 o'clock a. m. of said day, at the Court Room of said Superior Court, Department 2 thereof, in the Court House, in said County of Los Angeles, State of California, to show cause why an order should not be granted to the administrator of said estate to sell so much of the real estate of said deceased as may be necessary.

And that a copy of this order be published at least four successive weeks in the Tropic Interurban Sentinel, a newspaper printed and published in said County of Los Angeles.

PAUL J. MCCORMICK,  
Judge of the Superior Court.  
Dated August 8th, 1913.  
Aug. 13, 20, 27, Sept. 3—4t.

**CERTIFICATE OF BUSINESS.**  
Fictitious Firm Name.

The undersigned do hereby certify that we are conducting a sheet metal business at 5116 Moneta Avenue, in the City of Los Angeles, County of Los Angeles, California, under the fictitious firm name of Advance Sheet Metal Works, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

H. H. Vaughan, 1158 West Fifty-third Street;

C. D. Booker, 317½ West Fifty-second Street;

both in the City of Los Angeles, County of Los Angeles, State of California.

Witness our hands this 8th day of August, 1913.

H. H. VAUGHAN,  
C. D. BOOKER.

State of California, County of Los Angeles—ss.

On this 8th day of August, in the year nineteen hundred and thirteen, before me, Henry G. Pettit, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared H. H. Vaughan and C. D. Booker, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

Witness my hand and official seal.

(Seal) HENRY G. PETTIT,

Notary Public in and for said County of Los Angeles, State of California.
